

## Mid-Sun Community Centre Drop-In Pickleball Safety

- Personal items (purses, bags) stay in the foyer unless they can be stored securely under the chairs in the gym.
- Court areas are to be kept clear of everything not required for play e.g. extra balls, water bottles, bags and clothing.
- **It is the responsibility of the last player to have touched an errant ball to yell BALL loud enough to prevent others from stepping on it.**
- **Do not enter another court to retrieve an errant ball. Ask that it be returned, preferably in the air.**
- The gym, foyer and parking lot are under video surveillance.
- Only water bottles are allowed in the gym. Any area with water spillage must be isolated and cleaned up ASAP.
- Masks are required in the gym when not playing a game.
- **A volunteer Mentor may be available for the Beginner / Advancing Beginner side. They are open to questions about rules, play, and paddle purchase (desirable characteristics) and can also offer suggestions to improve your performance. Please treat these volunteers with the respect they deserve.**
